EDUCATION

University of Lagos (UNILAG), Lagos, Nigeria

Sep 2018 – Jun 2022

B.Sc. Insurance | CGPA: **3.78/5.00**

Undergraduate Research – “Evaluation of the Insurance Problems Facing the Nigerian Informal Transport Sector”

Research Mentor – Doctor Sogunro Ashim Babatunde

School of Foundation Studies, University of Lagos (UNILAG)

Sep 2017 – Jun 2018

A 'level Qualifications.

WORK EXPERIENCE

Frontend Engineering Intern at Zulfah Academy

Jan 2024 – Present

- Assisting in web development projects under the guidance of senior developers and actively engaging in coding task.
- Collaborating with cross-functional teams, including backend developers, designers, and product managers.
- I participate in coding challenges and algorithmic exercises to enhance my problem-solving skills. I use platforms like LeetCode to improve my proficiency in algorithms.

PERSONAL PROJECTS

Cryptocurrency website

I built a dynamic Cryptocurrency website utilizing modern web development technologies, including React Hooks, Context API, React Router Dom, useParams, and Tailwind CSS. The website features a user-friendly interface with seamless navigation and efficient data management.

Data Website

- Developed a data centric website using React JS and Tailwind CSS, ensuring 100% mobile responsive from scratch.
- Implemented engaging text animations in the Hero component utilizing the "React-Typed" package.
- Utilized the useState hook to seamlessly toggle the mobile side drawer menu, enhancing user experience.
- Leveraged both flexbox and grid layouts to optimize the website's design and responsiveness.

FinTech Website

- Translated Figma design mockups into responsive and interactive fintech websites using ReactJS and Tailwind CSS.
- Demonstrated expertise in ReactJS and Tailwind CSS for efficient development and visually appealing UI. Implemented.

Netflix Landing Page Clone

- Developed a responsive and visually appealing clone of the Netflix landing page using HTML and CSS.
- Implemented features such as hover effects, Accordion, etc.
- Ensured a mobile-friendly design for a seamless user experience on mobile devices.
- Incorporated best practices in web development, including clean and maintainable code.

LEADERSHIP / VOLUNTEERING EXPERIENCE

Corporate Social Responsibility (Optimizing Your Performance Through Nutrition)

Feb – May 2023

- Coordinated a group of 17 students on a social responsibility research on how you can optimize your performance through nutrition
- This initiative aimed to investigate the impact of dietary choices on physical and mental well-being, focusing on optimizing academic and extracurricular performance.
- As part of our commitment to promoting health and well-being, we organized and led a Corporate Social Responsibility (CSR) seminar, educating over 100 Secondary students on the importance of healthy eating. This is aimed at raising awareness about the profound impact of nutrition on overall health, emphasizing how healthy eating habits can contribute to improved academic performance and overall well-being.

PROFESSIONAL DEVELOPMENT/CERTIFICATES

Zulfah Academy (Frontend Web development)

Frontend Web development program

Lagos, Nigeria

Jun 2023 – Dec 2024

Successfully completed a rigorous six-month Frontend Web Development program at Zulfah Academy. Acquired proficiency in key technologies such as HTML, CSS, and JavaScript. Engaged in hands-on projects, coding exercises, and collaborative activities, honing practical skills and understanding of frontend development principles.

Great Learning Academy

Nov 2023

- Analytics in Risk

SKILLS AND INTERESTS

- **Front-end Web Stacks:** HTML, CSS, JAVASCRIPT, TAILWIND CSS, Next.js, REACT, GIT
- **Hobbies:** Sport | Designing | Cooking | Nature and Landscape Photography
